

CLOUD NATIVE DEVOPS

Do you like helping innovative companies implement innovative cloud computing solutions and solve technical problems?

Would you like to do this using the latest cloud computing technologies?

Do you want to be part of the business development and technical team helping to establish Storm Reply as a leading Cloud Advisor and System Integrator? Would you like to be part of the Storm Team, have your opinion valued as a technical resource as part of planning, advisor and strategies?

Storm Reply is looking for motivated consultant technologists who align with our principles and possess a unique balance of technical depth and strong interpersonal skills.

The candidate should be able to work in a team with colleagues and customers in a very dynamic environment dealing with challenging projects and new cutting-edge technologies. We are looking for a candidate with skills in the microservices area. The candidate should have knowledge on containers and serverless technologies.

About Storm Reply

Storm Reply is the company in the Reply group specialized in the design and implementation of innovative Cloud-based solutions and services. Through consolidated expertise and many years of experience in the creation and management of Infrastructure as a Service (IaaS), Software as a Service (SaaS), and Platform as a Service (PaaS) Cloud solutions, Storm Reply supports important companies in Europe and all over the world in the implementation of Cloud-based systems and applications.

Storm Reply is Amazon Web Services Premier Consulting Partner since 2014, one of the best Amazon Partners in the world, and one of the few companies to have so many different competencies attested by AWS: Data & Analytics, DevOps, Industrial Software, IoT, Migration, Oracle.
